Select Series Carbon Filters

Residential

Whole House Carbon Filter

The Select Series Carbon Filter, by Better Water LLC, is the perfect solution for homes that are supplied with city or municipal water. It effectively removes chlorine, tastes, and odors that are commonly associated with raw tap water. Our high capacity carbon media greatly reduces chlorine by-products and hundreds of other chemicals found in tap water.

The Select Series Whole House Carbon Filter greatly improves the water quality throughout the entire home and is virtually maintenance free! Utilizing the durable rotary valve, a corrosion resistant tank, and high quality media, this unique system will provide your home or business with years and years of fresh, clean, and odor free water!
